

FABRIEK VAN LOOD EN ZINKWERKEN

R. W. BRADT THE DIELECTRIC

K. 880 W.

M. M.

Ik heb de eer UEd. hierbij te doen toekomen een **Album van Lood- en Zinkwerken**, die in mijne Fabriek alhier worden vervaardigd.

In meer dan een opzicht was het moeilijk bij die voorwerpen de prijzen te vermelden, vooral ook, omdat die zich meerendeels regelen naar het aantal dat men van ieder artikel verlangt.

Aangenaam zal het mij zijn, wanneer UEd. eenig Lood- of Zinkwerk mogt behoeven, met Uwe commissie te worden vereerd, waartoe UEd. mij alsdan gelieve op te geven welk voorwerp door UEd. wordt begeerd en het aantal daarvan benoodigd, hetzij volgens eigen teekening of volgens het Album, in het laatste geval met vermelding van de nummers van de plaat en de teekening. Per keerende post zend ik UEd. alsdan prijsopgave.

Modellen van Zinken Raanroeden, in allerlei vorm, worden door mij op aanvraag onmiddellijk toegezonden.

Mij ten zeerste bij UEd. aanbevelende heb ik de eer te zijn,

UEd. Dw. Dienaar,

Delft, Junij 1869.
